Dr. Robert Tomanek, Jean Hruby, Jerry Milan, Joan Sedlacek, Vera Hibler, and Janice Polz.

**1862...** America is at the beginnings of its Civil War and Europe is trying to settle so many differences.

In spite of all this, Dr. Miroslav Tyrs embarks on a journey that changes the future of his part of Europe – Bohemia, Moravia and later of Slovakia.

The German language is at a crossroad and people are questioning their rulers.

The scene is set so all you need to do is use your computer and enter [www.sokolmuseum.org](http://www.sokolmuseum.org) to visually see the history of Sokol in the Czech lands and in America. See all the Exhibits which are continually added to.

Thanks to the *Sokol Museum and Library* members who were determined to preserve the history of Sokol. Thanks to Dr. Robert Tomanek author *Czech Immigrants and the Sokol Movement* and historian designer for our website, the Czech Republic for their history and their monetary grants, and to American Sokol for their archives.

Like what you see? We ask for donations to continue our research and upgrading of this website.
